Dies Of Cancer

PAWLING, N. Y. UPI—Edward R. Murrow, famed radio and television newscaster and former head of the United States Information Agency, died today after a long fight against cancer.

Murrow was 57 last Sunday.

Death came just three weeks after Murrow was discharged from New York Hospital in New York. His case was hopeless and he wanted to come home to die.

Attended Seminar

Dr. F. M. Burns and Dr. D. H. Austin recently attended the Chiropractic Technic Seminar during April 24 and 25 at the Lincoln Chiropractic College in Indianapolis.

The two day seminar served as a method of introducing the latest technics and also as a refresher course in several of the more complex chiropractic practices. Dr. Austin also served as a lecturer in demonstrating technics.

Donus E. Masten Dies At Hospital

Meeting Is Held By Local Lions

The Greencastle Lions Club held their semi-monthly meeting Monday evening with Vice Pres. Paul Lehe presiding. Pres. William Johnston was absent because of sickness. After an enjoyable dinner prepared by Mrs. Garrett several announcements were made concerning meetings in the near future.

Paul Smith was in charge of the program and introduced Hans Rieser of Indianapolis. Mr. Rieser presented a musical program which featured a rather unique instrument called a Cordovox. It consists of an accordion which is electronically connected to an amplifying system similar to an electronic organ. The keys can be operated and music therefore obtained without working the accordion. When the two are played together the effect is quite beautiful. The program was enjoyed by all present.

At the next meeting a film of the 1964 Indianapolis 500 race is to be shown and promises to be an interesting program.

Traffic Toll 402

By United Press International

In exactly 60 minutes and within about a 50-mile area Monday night three traffic accidents shot the 1965 Indiana highway death count over the 400 mark.

The 1965 tally reached at least 402, compared with 339 a year ago today, when the three smashups claimed a total of six lives.

Donus E. Masten, well known Greencastle resident, passed away in the Putnam County Hospital this morning where he had been admitted only a few hours earlier.

News of his unexpected death came as a great shock to his family and vast circle of friends and acquaintances.

Mr. Masten, who resided at 118 Northwood Boulevard, was Putnam County Republican Chairman.

Arrangements are in charge of the Hopkins-Walton Funeral Home.

Roachdale Citizen Is May Chairman

James E. Rady

James E. Rady of Roachdale, a young businessman, educator and civic leader of our community has been appointed Chairman of the Putnam County Mental Health Association's Fund Drive to be held during the month of May.

He is a member of the Franklin Township Advisory Board and on the Executive Committee which was responsible for securing funds, constructing a \$40,000 medical building and obtaining a doctor for the Medical Center in Roachdale.

After graduating from Roachdale High School he attended Indiana University receiving A B and M S degrees. Mr. Rady's teaching career started at Clinton Center and in 1957 he transferred to the Crawfordville School System. He is now assistant principal of the newly constructed Joseph P. Tuttle Jr., High School in that city.

Work experience includes industry, farming, retail business and education. Rady is married and has one daughter. His memberships include Indiana Teachers Association, Masonic Lodge, Ancient and Accepted Scottish Rite and the American Legion. He served in the Coast Guard in World War II; was an Army Officer on Guam in the Korean Conflict and at present is a Captain in the Army Reserve with 18 months credit.

He has been very active in the important Indiana and Putnam County Mental Health programs and is presently a member of the Legislative Committee. People of Indiana are becoming increasingly aware of the important work to be done in this field and the local organization is very appreciative of his acceptance to head up the solicitation of funds in Putnam County during May.

Rady will be in charge of a Meeting to be held in Room 21 at the DePauw University Student Union Building at 7:00 p.m. Thursday April 29th. Citizens interested in the Mental Health program are cordially invited to attend this interesting and instructive dinner meeting.

Parking Lot Action By City Council Monday

Two resolutions introduced in the regular meeting of the Greencastle City Council Monday night resulted in the adoption of a 49-car parking lot located on the northwest corner of Vine and Walnut Streets.

The two resolutions were primarily placed before the city council by Councilman Robert Eppelheimer and City Attorney Rexell Boyd. Councilman Eppelheimer's tentative resolution suggested that the council develop that portion of real estate into a 49-car off-street parking lot which was part of the intended real estate proposed by the Greencastle Developments, Inc.

According to Eppelheimer's proposal the lot would include the land beginning from the alley east of the Durham Building, continuing to Vine Street, north to the alley behind the Coan building and west to the alley. This would not include the parcel of real estate originally submitted which included the Central National Bank building west of the Durham Building. The exclusion of the Central Building was accepted to prevent the isolation of the Durham Building and the location of Moore's Bar and Grill.

The resolution submitted by Mr. Boyd proposed that the council accept the real estate in the Eppelheimer proposal and also the lot across the street on which the old Tucker building stood. It was brought out that an office building was originally intended for the Tucker lot but that it was thought a parking lot would most benefit the city. With the inclusion of the Tucker lot the total of parking spaces available would be brought up to 70 rather than 49.

In the discussion that followed Councilman Eppelheimer stated that he was against the inclusion of the Tucker lot because it would tend to place all the off-street parking on one side of town rather than permit it to be spread out.

Mr. Boyd announced that the

total cost of the development of the 70-car parking lot would amount to \$125,000, while the 49-car parking lot would cost approximately \$96,500. He also stated that he felt the city would benefit more from a 70-car lot rather than a 49-car parking lot.

The council recognized Hal Hickman, who asked how the cost was arrived at. Councilman Eppelheimer stated that the costs were figured on a basis of purchasing prices, attorney's fees, development costs, etc. The difference, he said, was in the acquisition of the Tucker lot.

Richard Sunkel, representing Dr. William Clary, president of the Greencastle Chamber of Commerce, stated to the council that the Chamber of Commerce endorses the plan proposed by the Greencastle Developments, i.e. the 70-car parking lot.

Councilman Chester Grimes injected a statement for consideration that the used car lot owned by the Jim Harris Chevrolet agency could be bought for \$10,000, and that it was already lighted and blacktopped and would provide facilities for 18 automobiles.

Councilman Poor stated that he was "in favor of getting all the parking facilities that could be had. The parking we're getting now is not enough." He added that he was in favor of acquiring the Tucker lot and also include the Harris lot in the entire resolution.

Mr. Boyd pointed out that at the present time the adequacy of the Harris lot would not permit off street parking because of the inaccessibility.

Councilman Jackson inquired about the businesses that were displaced because of the proposed lot. He pointed out that the original plan was to build an office building which would house these businesses. Mr. Sunkel then pointed out that other arrangements have been made for these businesses.

Councilman Grimes asked Mr. Sunkel if the Greencastle Developments had inquired about other locations for the parking lot such as the V.F.W. location. Mr. Sunkel said that he did not know whether any other property owners had been approached, but that the Developments organization considered the present site as being the best.

Mr. Grimes then asked if the rent of the new locations would be more than what the displaced businesses are now paying. Mr. Sunkel stated that the rent

Firemen Busy Early Tuesday

City firemen made three runs early this morning and one call turned out to be a false alarm.

At 12:45 a.m., the firemen went to the Pennsylvania Railroad depot. They reported an overheated coal stove in a work train at the Putnamville Road crossing.

At 1:55 a.m., they received a call that the Noble Grimes home, on West Walnut Street Road, was on fire. Arriving at the scene, the firemen found that it was a false alarm as there was no fire.

At 3:15 a.m., the firemen went to the Claude Query home, 703 Main Street. They reported the house was full of smoke caused by hot grease.

FILLMORE H.S. GRADUATES OF 1915

The graduating class of 1915 was honored at the annual Alumni banquet held at the Fillmore High School Gym Saturday night. The original class had ten members. Fred Robinson and Hobart Robinson has since passed away. Two members, Rachel Buis and Chancey Hubbard were unable to attend. Those shown above are left to right, Melvin Ruark, Gwendolyn Huffman, Anna Chase, Jessie Arnold, Mae Arnold, Mabel Davidson and Joe Davidson. Mr. Davidson was, at that time, a teacher at Fillmore who later married his former student, Mabel.

"I'M SO SORRY SWEETHEARTS, I love you so," read the note left with these two children at a Catholic church rectory in Brooklyn, N.Y. They are Debbie, 3, and Chris, 2. Some hours later Charles Miller, 23, turned himself in to police. He said his wife left him two weeks before and he was unable to take care of them. He faces charges of child abandonment.

City Council

would be closer to what they are presently paying than that of a new building. Mr. Grimes then asked again about the V.F.W. property.

Mr. Sunkel said that he felt the present proposed site was the best location and that the Development corporation would want to develop it first.

Councilman Grimes stated that the merchants on the north and west side of the square would feel left out. Mr. Sunkel then stated that the off street parking lot in its present proposed site would alleviate the street parking on those sides of the square.

Councilman Eppelheimer said that the parking should be spread out and that any additional lot acquisition would put a strain on the budget.

Chester Coan stated that the off-street parking was for the convenience of the population. He also added that the plan now calls for placing the displaced businesses into the Central Building after those buildings are renovated. He urged the council to put the proposal into action.

Councilman Ernest Collins introduced the 70-car parking lot resolution before the council. The motion was seconded by Councilman Poor. However,

the resolution was killed in the voting when Councilmen Grimes, Eppelheimer and Jackson voted against it.

At this time Councilman Eppelheimer introduced the resolution for the 49-car parking lot and it was this resolution that the council adopted unanimously.

The council also suggested that the Board of Works investigate the feasibility of acquiring the Harris lot and at the same time investigate the possibility of expanding the lot by acquiring the building to the north.

Earlier in the meeting claims totalling \$3738.19 were approved.

City Engineer Norton and Water Works Superintendent Brackney gave their March reports to the council.

Athletic Director Lloyd Cooper suggested to the council that they make available special funds, facilities, land and provide a full time recreation director for the Greencastle youth.

The council adopted the suggestion from the Board of Works accepting the Sinclair Refining Company's bid for gas and oil.

Bible Thought
We must appear before the judgment seat of Christ; that every one may receive the things done in his body, according to that he hath done, whether it be good or bad. II Corinthians 5:10.
Nothing is more certain. One day we shall, one by one, stand before Christ, the righteous Judge of all men. If we remember this fact, life will be different.

Bridge Hand Explains How To Reach The Moon

By ADFRED SHEINWOLD

If you're planning to shoot a rocket at the moon, read this column first. Don't aim at where the moon is now! Think of where the moon will be when your rocket is in the mood to land somewhere. A bridge hand should make this clear.

Opening lead — ♠ Q

West opens the queen of hearts, and South must not consider dummy's king because that is a dead duck no matter when it is played. South must think of where he wants the lead to be after the first two tricks have been played.

Suppose South plays the king of hearts from dummy at the first trick. East wins and returns a heart to West. Two tricks have been played, and the lead is in the West hand.

West leads a diamond, and East wins with the queen. East gets out safely with a black card, and he waits patiently for his other diamond trick to defeat the contract.

PLAY LOW

Now go back to the first trick. Suppose South plays the low heart from dummy instead of the king. West must lead another heart since any shift will allow declarer to run the three clubs and discard a heart from dummy. As a result, the lead is in the East hand after the play of the first two tricks.

East cannot safely lead a diamond, so he gets out with a spade or club. South draws two trumps and runs the three clubs. Then he takes a diamond finesse, losing to East's queen. Now East cannot make a safe return. If East returns a diamond, dummy gets a free finesse; and if East returns anything else, dummy ruffs while South discards a diamond.

The important thing is to aim for the end of the second trick. If this doesn't prepare you for a trip to the moon, we give up.

DAILY QUESTION

Partner opens with one heart, and the next player passes. You hold: Spade 9 4 Heart Q J 10 7 Diamond 9 8 4 Club 7 6 3 2. What do you say?

Answer: Pass. You have good heart support, but the hand is a bit too weak for any response. Some experts would raise to two hearts anyway, hoping to deceive the opponents more

than partner; but this is pretty risky.

SPEAKING OF MONEY

by Randall Collins

A local reader recently asked about the motto "In God We Trust" which appears on all of our coins and most of our currency.

Since this question may be of general interest to many readers we will briefly review some history concerning this motto.

This motto first made its appearance back in 1864 and owes its presence to the increased religious sentiment which prevailed during the dreaded crisis of the Civil War.

Salmon P. Chase, then Secretary of the Treasury, received numerous appeals from devout persons throughout the country suggesting and urging that God be recognized suitably on our coins in a manner similar to that found on the coins of other nations.

Accordingly, on November 30, 1861, Secretary Chase addressed a letter to the Director of the Mint at Philadelphia, stating "No nation can be strong except in the strength of God, or safe except in His defense. The trust of our people should be declared on our national coins. You will cause a device to be prepared without unnecessary delay with a motto expressing in the fewest words possible the intention suggested."

Patterns with "God Our Trust" and "God and Our Country" were prepared in 1863, but the familiar form of the motto was not decided upon until early in 1864. The two-cent piece was the first regular issue to have the motto appear.

This is another good example of how the Civil War directly influenced our present coinage.

Soviet Charge 'Acts Of Madness'

UNITED NATIONS, N. Y. UPI—Russia Monday accused the United States of "aggressive acts of madness" in Viet Nam which "future generations will shudder in remembering."

Soviet Ambassador Nikolai T. Fedorenko told the 114-nation U.N. Disarmament Commission that the use of Nausea-producing gas in Viet Nam was "a crime, an act of lawlessness, a most cruel violation of the laws of international policy and a trampling of elementary moral principles."

"The real creed of U.S. policy is not disarmament," he said, "but a mad arms race—not peace devoid of the threat of war but a notorious balance between the brink of war and real war."

Fedorenko contented himself, at the outset of what was billed as more than an hour speech, with reciting the history of the frustrated 17-nation arms talks at Geneva. He did not leap into denunciation of U. S. policy in Viet Nam as he began with an almost scholastic review of the question.

Three Killed In Car-Bus Crash

MARION, Ind. UPI—A violent car-bus crash on U.S. 37 about nine miles south of here Monday evening killed three persons and injured 22 others in one of the worst traffic mishaps of the year in Indiana.

Authorities said two of the victims were killed instantly when the big Greyhound bus bound for Memphis, Tenn., by way of Indianapolis from Detroit, Mich., rammed into the auto in which they were riding.

The third victim, Mrs. Anna Ice, 79, Monroe City, died about three hours after the wreck in Marion General Hospital.

Police identified the other victims as Margaret C. Moore, 51, Marion, the driver of the car, and her father, Samuel Moore, about 80, also of Marion. Miraculously, only one other bus passenger, Elvora Greenway, 55, Chagrin Falls, Ohio, was admitted to the hospital. The other 21 passengers, including the bus driver, Raymond McCauley, 46, Indianapolis, were treated for minor injuries and released.

Military Revolt Takes 20 Lives

SANTO DOMINGO UPI—A military revolt here appeared deadlocked today after a day of ground and air fighting in which at least 20 persons were killed and more than 60 injured.

The U. S. aircraft carrier Boxer, carrying a strong Marine detachment and accompanied by a number of landing craft, was reported standing off the coast in readiness to rescue American civilians if the fighting spread.

Some gunfire was heard during the night, but there were no reports of heavy fighting.

The official radio, captured by army rebels early in the revolt, alternated predictions of victory with exhortations to the people to "rush into the street and fight for the revolutionary movement."

Mother Faces Examinations

SOUTH BEND UPI — Extensive psychiatric examinations were ordered Monday for Mrs. Deanna Hanbey, 28, charged with killing her four young children last week.

Mrs. Hanbey's case came up in South Bend City Court for a preliminary hearing, and Judge Philip Potts granted a defense request for the tests at Norman S. Beatty Memorial Hospital at nearby Westville.

Potts continued the hearing. Mrs. Hanbey remained in a hospital in "good" condition. Her physician said she may be taken to Beatty Tuesday for observation and tests.

The hearing was held in the death of Mark Hanbey, 7, old-

MULTIPLE SCLEROSIS GREAT CRIPPLER Strikes at Young Adults

Multiple sclerosis is "the great crippler of young adults." An estimated 500,000 Americans, young adults, mothers and fathers, in the active years of community and family service between 20 and 40, have been stricken by MS and related diseases. Cause, prevention and cure remain unknown. The National Multiple Sclerosis Society fights MS through programs of national and international research, community patient services, and public and professional education.

cut a square corner with a riding mower?

YES, IF IT'S A BOLENS LAWN KEEPER

Ordinary riding mowers have four wheels on a one-piece frame. Turning requires a "wide sweep," or a series of "back-ups" to make square corners. Bolens new Lawn Keeper is a riding mower with a two-piece frame. And the frame does the turning! Turn the steering wheel and this one pivots within a 14 inch radius. Cuts grass forward of front wheels for smoother lawns. Engine and exhaust fumes to rear of operator... where they belong! take a trial spin at

DePauw Will Conduct Summer Sports Camp

Jerry Oliver, By Hey Are Included In Coaching Staff

Jerry Oliver and By Hey, coaches of Indiana's two premiere high school basketball teams, will meet again, but this time it will be at DePauw University.

These two coaches, who took Washington High School of Indianapolis and Fort Wayne North to the IHSAA finale last month, will be joined by two more first string Hoosier mentors, Columbus' Bill Stearman and Anderson's Ray Estes.

The quartet's host will be DePauw and its head basketball coach Elmer McCall who will be operating for the eighth consecutive year his pre-high school Basketball and Sports Camp.

Camp dates for the sixth through ninth graders are June 20-26 and June 27-July 3. The 11 Openings (55 each camp) are filled, according to McCall, the ex-high school coach who led South Bend Central to state

titles in 1953 and 1957.

In past years this summer camp has drawn aspiring young basketballers from Michigan, Illinois, Ohio, Kentucky, Missouri, Wisconsin and Indiana.

According to McCall's camp plan the "guest lecturers" will conduct daily sessions on fundamentals at the camp, using some of their own high school athletes to demonstrate methods and theories.

McCall, acting as dean of the summer session, will tie the sports package together with chalk talks, drills and evening intramural games among the campers.

An adjunct for the youths, who will live and eat in a campus fraternity house, will be recreational swimming, bowling, tennis and ping pong.

DePauw student-athletes will serve as assistants and counselors.

Astros Improving In Own Stadium

The Houston Astros are fast becoming the best indoor baseball team in the United States.

Strange things have been happening to Houston ball players ever since the team moved into its glittering \$31.6 million Astrodome this season and that the Astros now have won five National League games in a row.

While it is a little early to classify the Astros as pennant contenders, the once forlorn Houston club, which never has finished higher than eighth in its three previous seasons, is solidly entrenched in fourth place and boasts two individual major league statistical leaders.

The latest player to be inspired by the magnificence of the Texas palace is a young right-hander named Dave Cisti just-ee, who in two previous seasons with the NL club won exactly two games.

Pittsburgh managed only four scattered singles off Cisti, who earned his first starting assignment since 1962 with some flashy relief work last week, and threatened only once in the game when a single and two Houston errors loaded the bases in the third. Cisti promptly fanned Willie Stargell for one of his nine strike outs to ease out of the jam.

In his four appearances this year, Cisti has allowed a total of five hits and a single run in 14½ innings, walked one and struck out 13. His first victory occurred on April 21 against Philadelphia and started the As-

DPU Wins And Loses In Golf

DePauw whipped St. Joseph's 11-4, in golf yesterday, but stumbled before Indiana State, 9½ to 5½, at Terre Haute.

The loss in the double dual affair was DePauw's first since returning from a spring vacation trip to the South.

Tim Scott was low man for the Tigers, firing a 76 over the par 71 course. Bob Silcott was back in second with an 80, followed by Bob Thompson's 81, Steve Hayes' 82 and 84 by Bradford Cobb.

Dick Tiger To Meet Hurricane Carter

NEW YORK UPI — Dick Tiger of Nigritia, No. 1 contender for the middleweight crown, will meet Rubin Hurricane Carter of Patterson, N. J., Thursday, May 20, in a 10-round idelweight fight at Madison Square Garden.

To Defend Title

PINEHURST, N. C. UPI— Dale Morey of Lumberton, N. C., will defend his 1964 North-South title beginning today at the Pinehurst Country Club against a field which includes five winners of the match play golf tournament and USCA champion William C. Campbell of untioning, W. Va., who has won the tournament three times.

Indiana All-Star Lineup Is Completed For Benefit Game

INDIANAPOLIS UPI — The Indiana high school All-Star team which will meet the Kentucky prep stars June 19 and 26 was completed Monday.

The final five members of the squad were named late Saturday and include Adolphus Pulliam, 6-3 forward from Gary Roosevelt; Larry Kidwell, 6-0 guard from Princeton; Howard (Bugs) Humes, 5-10 guard from Madison; Dave Harvey, 6-3 forward from Indianapolis Tech, and Earl Schneider, 6-4 center from Evansville Rex Mundi.

The 10-man squad has an overall lack of height, but coach Angus Nicoson says he isn't worried about it. "They all seem quick and agile," he said. "I think they're going to play well together."

Indiana's finest prep collection will meet the Kentucky representatives June 19 in the Butler Fieldhouse and then journey to Freedom Hall in Louisville for a rematch June 26.

The final five players join the first team previously named, including "Mr. Basketball," Bill Keller of Indianapolis Washington, Dave Moser of Fort Wayne North, Ralph Taylor of Indianapolis Washington, Don Curnutt of Tipton, and Harold Curdy of Marion.

Humes is the brother of 1962 "Mr. Basketball" Larry Humes and averaged 27 points per game last season, setting a Columbus regional record with a

two-game total of 68.

Two other players among the second five averaged over 20 last season. Harvey swished them in at a 24 point-per-game clip, while Schneider hit 23. Kidwell averaged 16 points a game, with Pulliam, known as a strong rebounder, tossing in 13.

Tigers To Host I.U. In Baseball

DePauw will play Indiana University tomorrow at 3:30 p. m. on he Blackstock Stadium diamond.

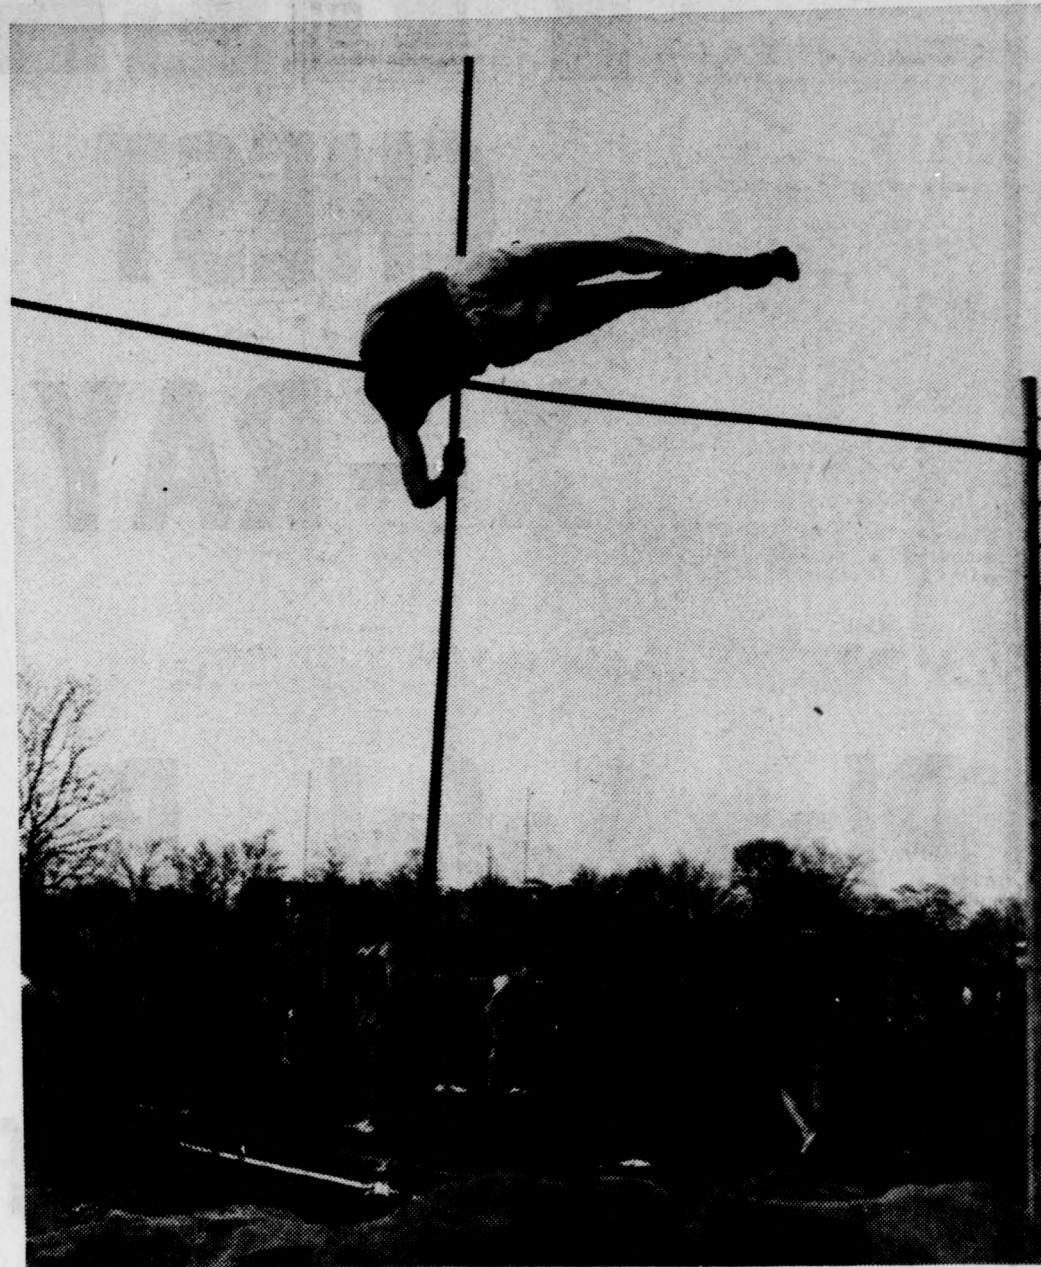

The baseball game originally was scheduled for yesterday but the weekend's heavy rains forced a two-day postponement.

Lefty Don Lovelace will start against the Hoosiers who split a doubleheader Saturday with Ohio State. DePauw, at the same time, was taking a doubleheader from Wheaton.

Action here Saturday will send DePauw against Evansville at 1 p. m. in a doubleheader.

Phillies Win

The Philadelphia Phillies edged the Los Angeles Dodgers 4-3 and handed Sandy Koufax his first defeat in the only other National League game. All 10 American League teams were idle.

Dean Chance Says To Be Patient

NEW YORK UPI— Dean Chance, speaking in behalf of his old buddy, Bo Belinsky, has a brief piece of advice for the Philadelphia Phillies—be patient.

Although an off-season trade which sent Belinsky from the Los Angeles to the Phillies broke up a working association between him and Chance, the two pitchers still form baseball's No. 1 Damon and Pythias combination.

Each continues to follow the other's fortunes closely and even though he has been beset

with spring miseries of his own, it has not escaped winning his first game for chance's notice that Belinsky the Phils.

tiny
particles
in gasoline

(before they get into your fuel line!)

Most gasolines are clean when they leave the refinery. But on the way to your car—in transit and in storage—they pick up impurities that could choke off power, reduce engine efficiency...could even stop you cold. Automotive engineers asked for an answer to this problem—American Oil Research developed the American FINAL/FILTER. It traps these tiny particles right at the pump nozzle. If you depend on your car for your livelihood (and even if you don't) it pays to "fill 'er up filtered" with American, Regular or American Super-Premium.

You expect more from Standard and you get it!

free of the threat of a crippling steel strike for at least four months.

Top negotiators for the United Steelworkers (USW) union and the country's 11 major producers initialed an interim agreement at 11 p. m. EDT Monday night, averting a strike threatened for midnight Friday. The union's wage policy Com-

mittee, which has the final say on all major contract decisions, was expected to approve the pact at a meeting scheduled for 2 p. m. Wednesday.

While negotiations on an overall agreement continue, the interim pact provides an 11.5 cent hourly increase. The 11.5 cents would be paid into a union "escrow fund" by steel

producers and the USW will apply the fund toward wages, pensions or whatever it decides is best.

The union and industry negotiators were scheduled to meet at 10 a. m. EDT today to outline procedures for bargaining on an over-all agreement.

The interim pact provides that either side may give a 30-

day termination notice Aug. 1. The earliest strike deadline would be Sept. 1.

USW President David J. McDonald confirmed details of the interim agreement in a statement Monday evening. The terms had been reported earlier by United Press International. McDonald said that the 11.5 cent interim increase was not

the final figure the union would accept in any long range agreement.

"The union's position was and remains that the minimum terms of a final settlement must include the 3.2 per cent improvement recommended by the presidential guidelines, plus an adjustment for increase in cost-of-living," he said.

That's how much money Mr. Eckle received from us. He was unhappy after we serviced his car.

So we sent him his money back.

Was Mr. Eckle mad? Hardly. He wrote us:

"It has been a very long time since I have been treated so well and dealt with so fairly." Have you tried us? As far as we know, we're the only oil company to offer you a money-back guarantee of satisfaction (on everything we sell and all our services). That includes Marathon Super-M premium and Mile-maker regular gasolines (both actually clean your carburetor as you drive!). It even includes a clean windshield. What's our angle? We just think you deserve to be treated squarely when you spend your money. Don't you?
